Basic information

The ID document must be collected from the BürgerServiceCenter where it was applied for.

Please continue to book an appointment for documents that you have applied for at the BSC-Mitte. For documents that you applied for at BSC-Stresemannstraße or BSC-Nord, the new documents will be collected from the document issue box. If you are unable to collect your documents from the document issue box, you can collect them from BSC-Stresemannstraße or BSC-Nord without booking an appointment. You will find more information, including opening hours, on the collection slips that you receive when you apply for your ID card or passport.

You can check the processing status of your ID card, passport or eID card using the serial number given on your collection slip (see "Further information" - "Online service" - Status request for processing ID documents").

Otherwise, ID cards and eID cards can be collected one week after receiving the PIN letter from Bundesdruckerei. Please note that this PIN letter will not be sent to children who are younger than 15 years and 9 months at the time of applying for the ID card.
