More information

The prerequisite for claiming social benefits is registration under aliens law and proof of a valid residence title. The Migration Office is responsible for both.

For more information on the subject of residence, see "Further information" under Ukraine - Residence in Germany (bremen.de).

You have the possibility to apply for benefits of the basic security for jobseekers at the Jobcenter (Sozialgesetzbuch II).

The job center takes over the securing of the livelihood and arranges language courses, further qualifications and jobs.

If you have reached the legal age limit (currently 65 years and 10 months) or can prove that you are already receiving a retirement pension, then the Jobcenter is not responsible for you. You can apply for social assistance (Social Code XII) at the Social Services Office.

The Jobcenter and the Office for Social Services are also responsible for your questions on the subject of accommodation costs.

• **Where can I get medical help?**

In principle, you can get medical help from doctors in private practice and from the emergency service of the Association of Statutory Health Insurance Physicians and the Association of Statutory Health Insurance Dentists, as well as in all hospitals.

The prerequisite is that you are financially covered in the event of illness.

This is the case if you receive benefits under the Social Code II from the Job Center (basic benefits for jobseekers) This includes compulsory membership in a German health insurance. You are also financially covered if you receive benefits from the Office for Social Services on the basis of the Social Code XII (basic benefits for old age or reduced earning capacity).

• **How can I open a bank account?**

Ukrainian citizens who have biometric identification documents (i.e. a biometric passport, or ID card [identity card]) can open a bank account at a financial institution in Bremen. Those who entered the country with the old Ukrainian passport, which is not biometric, also need an electronic residence permit from the Foreigners' Registration Office (Migrationsamt, +49 421 361-88630; e-mail: ukraine@migrationsamt.bremen.de).

Please be sure to read the entry: What address do I give if I live in the initial reception center or in an outpost?

• **What address do I give if I live in the initial reception center or in an outpost?**

Those who live in one of the following 3 facilities can enter their facility as their mailing address:

- Lindenstraße 110, 28755 Bremen
- Alfred-Faust-Str. 15, 28277 Bremen
- Hans-Böckler-Str. 56, 28217 Bremen

If you are living in an emergency shelter (for example in the exhibition hall on Bürgerweide), it is essential that you give the address of the initial reception Lindenstr. 110, 28755 Bremen. This is the only way that bank cards, for example, can be sent.

- **Who pays for electricity, heating and hot water if I am accommodated privately?**

If you are staying with friends, relatives or other helpful people, you can also claim the costs for heating and water from the job center. To do this, verifiable documents must be submitted, for example the current budget billing confirmation from the utility company. Under certain conditions, a share of the rent can also be covered.

Ask your responsible job center when submitting your application.

If you have reached the legal age limit (currently 65 years and 10 months) or can prove that you are already receiving an old-age pension, please ask at the social center of the Social Services Office responsible for you when submitting your application. Verifiable documents are also required there.

More information is available in the answer to the question "Where can I apply for assistance with living expenses?".

- **How can I rent an apartment if I have no income of my own?**

If you want to rent an apartment, but do not have enough money to pay the rent yourself, it is essential that you obtain the approval of the relevant job center before renting. Rents are only covered up to a certain amount, and the apartments may not exceed a certain size. The exact values depend mainly on the number of people who will move into the apartment.

If you have reached the legal age limit (currently 65 years and 10 months) or can prove that you are already receiving an old-age pension, the Social Services Office is responsible for processing your request. There, too, it is essential that you obtain the approval of the Office before renting. The office uses the same guidelines as the job center.

More information can be found in the answer to the question "Where can I apply for assistance with living costs?".

- **Where can I go when I arrive in Bremen and need accommodation?**

The first point of contact for war displaced persons from Ukraine in Bremen is the Initial Reception Center:

Lindenstraße 110
28755 Bremen
Phone: +49 421 361 40490
E-mail: eae.lindenstrasse@awo-bremen.de

In the initial reception you will get a bed and regular meals. There is a right to this. In the initial reception there are also people who support you in arriving and in dealing with the authorities.

- **Do I have to register at the initial reception center for refugees?**

No, registration at the initial reception center for refugees is not required. Those who have accommodation with friends or relatives, or who have enough money to rent an apartment or a room in a hotel, can also live there. Those who do not have a place to stay are first admitted to the initial reception center for refugees (see: Where can I go if I arrive in Bremen and need accommodation?).

If you do not report to the Initial Reception Center and have not yet applied for a residence permit, you should make an appointment on your own to apply for a residence permit. Further information on the subject of residence can be found under "Further Information" under "Ukraine - Residence in Germany".
