

Wohnsitz ummelden (Online - Pilotbetrieb)

This service is currently still under construction and will only be launched shortly. The online service is therefore not yet available. As soon as the service is available, you will find the corresponding link here.

Have you moved within Bremen? You can now re-register online, including the new address on your ID card. The first people to be able to use the service are single adults without underage children. The service is being continuously expanded.

For all other persons, it is still possible to submit application documents for change of residence digitally. Further information on this can be found in the linked service description "Change of residence (sole, main or secondary residence)" under "Further information".

Basic information

When you move into an apartment, you must register.

You do not need to deregister with the registration office in whose jurisdiction the previous apartment was located.

For more information, see the linked description "Re-registering your residence (sole, main or secondary residence)" under "Further information".

Requirements

To use this service, you need a user account with an online ID.

You will also need

- a valid ID card with activated online ID function including PIN (more information on the online ID function can be found under "More information" - "Where can I find out more?")

- or an eID card (for more information on the eID card, see "More information" - "Where can I find out more?")
- an NFC-enabled smartphone or a USB card reader
- the AusweisApp (further information on the AusweisApp can be found under "Further information" - "Where can I find out more?") for your computer or smartphone.

For the time being, this service is available to the following group of people
Single persons of legal age (single, divorced, marriage annulled, widowed, registered civil partnership annulled, registered civil partner deceased, marital status unknown) without minor children.

All registrations for new main or sole residences are possible. The status of existing secondary residences remains unaffected.

Procedure

Residence registration proceeds in the following 4 phases:

1. You provide the information about your new residence. Then we send you a code by mail to your new address.
2. You use the code to confirm your move-in. You simply enter it into the online service.
3. Your electronic registration confirmation is ready in the online service and you update the address stored on your ID card. A sticker for your ID card will then be sent.
4. The new address sticker will arrive by mail. All you have to do is stick it on your ID card. Everything is now up to date.

Legal bases

- [Bundesmeldegesetz](#)

What deadlines must be paid attention to?

Two weeks after moving into the new residence. To meet the deadline, it is sufficient to register the change of address in good time.

How long does it take to process

You will need about 10-15 minutes for matching and entering your data. We need about 5 minutes the next business day to confirm your new residence and digitally update your ID data. In addition, there is the mailing time for the code and the address label (usually 3-5 days each).
