Basic information

Personal changes (in the case of first and last names due to marriage or divorce, for example) must be changed in the registration certificates Part I and Part II.

What documents do I need?

- Valid identity card, passport or electronic residence permit (eAT) as well as the original national passport of the vehicle owner applying for the permit
- in case of representation with written power of attorney

Additionally: identity card or passport of the authorized person

- Registration certificate part II or old vehicle registration document
- Registration certificate part I or vehicle registration document
- in case of change of address

it is not necessary to present the certificate of approval Part II.

BUT: If an old vehicle registration document is still available: this and the old vehicle registration document

- valid test report on a general inspection

e.g. TÜV, DEKRA, GTÜ, KÜS, GTS, FSP

- if registered to companies

additionally:

- Current and valid business registration and, if available, current and valid excerpt from the commercial register (also as a copy)
- Power of attorney, if the person authorized to dispose does not personally submit the application on site

Procedure

The change must be applied for at the authority either in person or by a third party with written power of attorney. The representative must present the power of attorney and also the identity card or passport.

The registration authority automatically passes on changes relevant to vehicle tax to the main customs office.

Attention:

If the vehicle was purchased or leased on credit and the financing bank or the lessor has received the vehicle title or the registration certificate part II as security, the financing provider must be asked to send the document to the registration authority for amendment and proof of the right of disposal. Only when the document has been received by the authority can the amendment be made.

The document remains on site until the amendment has been made or is recalled by the funding agency. In both cases, the document is then returned to the funding agency.

Note: In the event of a change of address (after a move within Bremen without a change of owner), the submission of the registration certificate Part II is not required.

More information

Old documents remain valid until new ones have to be issued due to a change in information. It is not possible to have the old vehicle registration document and the new registration certificate Part II or the old vehicle registration document and the new registration certificate Part I at the same time.

In the event of a change of address within the registration district, a new registration certificate Part I will be issued. If the vehicle still has old vehicle documents, the new address can be entered once in the old vehicle registration certificate. If the address has already been changed once in the vehicle registration certificate, new papers must be issued.

Technical changes - if necessary - must also be entered. This also leads to a new issue of the registration certificate Part I and Part II. If the vehicle still has an old vehicle registration

certificate, the changes generally lead to a new issue of the registration certificates Part I and Part II.

Attention:

The change must be reported by the owner of the vehicle. If the owner and holder of the vehicle are different persons, the holder is also obliged to report.

What deadlines must be paid attention to?

The change must be made as soon as possible.

What are the costs?

3,80 EUR If a new registration certificate Part II must also be issued.

12,30 EUR for the registration certificate Part I

Additional fees may apply in individual cases.
