

Re-registering a motor vehicle (with change of owner and MIT registration plate taking along)

Due to nationwide regulations, the online portal for digital vehicle registrations (iKfz) had to be deactivated on January 1, 2024. The vehicle registration office does not currently offer online services. Work is currently underway to resume digital services. In the meantime, the analog services of the vehicle registration office are available to you. We apologize for the inconvenience.

If you have purchased a vehicle that is already registered in Germany, you must have it transferred immediately, i.e. registered in your name.

Basic information

If a registered vehicle has been acquired, a transfer to the name of the new owner must be applied for immediately at the vehicle registration office. The application can be made in person. A representative with written power of attorney may also be appointed.

As of 01.10.2019, the new registration of a vehicle is also possible online under certain conditions. For more information on "internet-based vehicle registration", please visit the website of the Federal Ministry of Transport and Digital Infrastructure (see "i Where can I find out more?").

In the case of payment arrears, the registration authority may not register the vehicle until these have been settled.

- No motor vehicle tax arrears (including ancillary tax payments, e.g. interest, late payment surcharges).
Motor vehicle tax accounts are verified by the registration authority as part of the processing of the registration application. In the event of tax arrears, the registration authority may not register the vehicle until these have been settled.
- written direct debit authorization for the collection of the vehicle tax

After completion, the document is returned to the sender.

- By registering the vehicle with the new vehicle owner, a new Zulassungsbescheinigung Teil I (formerly: Fahrzeugschein) is issued. It may also be necessary to issue a registration certificate Part II (formerly: Fahrzeugbrief).
- In the event of a change of owner, the previous license plates can continue to be used. In such a case, an existing fine dust sticker also retains its validity. Note: further

More information

Paragraphs 3 and 4 of the Vehicle Registration Ordinance (FZV) regulate which vehicles are subject to mandatory registration.

An amendment to the Vehicle Tax Act came into force on July 1, 2010. The following changes apply to registrations as of July 1, 2010:

- When registering a vehicle, a SEPA direct debit mandate for the collection of vehicle tax is required. A SEPA direct debit mandate issued for the first taxation is also valid for subsequent years.
- Vehicle tax exemption or reduction as a result of severe disability: Severely disabled persons with the mark "H", "BI" or "aG" in their severely disabled ID card continue to be exempt from vehicle tax. Based on the proof in their ID card, they do not have to submit a direct debit authorization. Further information is available from the main customs office in Bremen.

Electronic confirmation of insurance (eVB):

You can obtain the confirmation of insurance regarding the motor vehicle liability insurance from the insurance company of your choice. In most cases, you can request the insurance confirmation from your insurance company by telephone.

Since March 1, 2008, the insurer can give you an insurance confirmation with a 7-digit alphanumeric VB number, which the registration authority uses to retrieve the insurance data electronically from the central database of the German Insurance Association.
