

Wirtschaftskammern und Berufskammern des Landes Bremen

Hier erfahren Sie mehr über die Kammern.

The chambers of commerce represent the interests of companies in the state of Bremen. Independent of the structures of the member companies, the public and the state administration, the Bremen Chambers of Commerce support their members and, as corporations under public law (KöR), provide many services for their member companies.

The professional chambers are self-governing bodies of the liberal professions. They monitor the fulfillment of professional duties and safeguard the professional interests of the liberal professions. The main task of the professional chambers is to provide professional advice and support to their members. As corporations under public law (KöR), they provide many services for their members. In addition, the professional chambers can also take care of consumer protection and citizens' concerns in individual areas.

If you have any questions, please get in touch with the Single Point of Contact. This is available to all companies as a contact and service point for business at WFB Wirtschaftsförderung Bremen GmbH.
