

Barrier-free gynaecological practice

Are you in a wheelchair and don't know where you can have a gynecological examination?

As a physically disabled woman, have you had bad experiences when visiting a doctor?

Competent Department

- [Barrierefreie gynäkologische Praxis
c/o Frauenklinik im Klinikum Bremen-Mitte](#)

Basic information

The barrier-free gynecological practice was set up especially for women with limited mobility - centrally located and easily accessible in the Bremen-Mitte Clinic.

You will receive all the services of a gynecological practice - from early cancer detection to pregnancy care.

Requirements

Women with limited mobility (e.g. dependent on a wheelchair)
