

E licence plate

Please note that you can also use our online service for the desired service. You will find the link under "Further information" - Online service".

Pure battery electric vehicles, externally rechargeable hybrid electric vehicles and fuel cell vehicles can receive an e-license plate upon application.

The application can be submitted informally as part of the registration or transfer process.

Competent Department

- [BürgerServiceCenter-Nord](#)
- [Bürgeramt](#)

Basic information

If it is not possible for the vehicle to be clearly assigned by the registration authority, an expert opinion from a testing organization or a manufacturer's certificate must be submitted as suitable proof.

Externally chargeable hybrid vehicles may have carbon dioxide emissions of no more than 50g/km and must have a minimum range with purely electric drive of 30 km (from 01.01.2018 40 km).

Since 01.10.2017, the E license plate can also be assigned as a seasonal license plate.

What documents do I need?

- For vehicles already registered:
 - Registration Certificate Part I
 - Registration Certificate Part II
 - EC Certificate of Conformity (CoC)
 - License plates
- in case of representation with written power of attorney
 - Additionally: identity card or passport of the authorized person
- if registered to companies

additionally:

- Current and valid business registration and, if available, current and valid excerpt from the commercial register (also as a copy)
- Power of attorney, if the person authorized to dispose does not personally submit the application on site
- Vehicle is to be registered with E-plates or transferred to Bremen:
 - EC certificate of conformity (COC)

Please refer to the corresponding service descriptions for the further documents required for admission or transfer.
