Basic information

The forms of the tax administration are provided free of charge in each tax office. You can obtain this in the tax offices in each case in the Central Information and Acceptance Offices (ZIA). Income tax forms are also available for pick-up at the local offices.

Unfortunately, shipping is not possible for cost reasons.

As an inexpensive alternative, the tax authorities offer the majority of forms free of charge on the Internet.

In the first instance, the form server of the Federal Ministry of Finance should be used. The forms available there are valid in all federal states. If the form cannot be found there, the form should be available on the website of the Senator of Finance.
